B.Ed. Programme

PERSONALITY DEVELOPMENT ACTIVITIES

CELEBRATIONS

Batch: 2021-23

Semester: II

TITLE: World Bicycle Day

DATE: 03.06.2022

TIME: NA

Venue: Residential Societies

World Bicycle Day draws attention to the benefits of using the bicycle — a simple, affordable, clean and environmentally fit sustainable means of transportation. The bicycle contributes to cleaner air and less congestion and makes education, health care and other social services more accessible to the most vulnerable populations.

The students of Semester –II of Batch 2021-23 were thereby, encouraged to take up this physical activity in their respective localities on 03.06.2022, which was also a holiday for them. Acknowledging the uniqueness, longevity and versatility of the bicycle, which has been in use for two centuries, and that it is a simple, affordable, reliable, clean and environmentally fit sustainable means of transportation, fostering environmental stewardship and health, the students of GNCE enjoyed their day with their ride.

It further encouraged them to emphasize and advance the use of the bicycle as a means of fostering sustainable development, strengthening education, including physical education, for themselves.
