A **cultural icon** is a person or an artifact that is identified by members of a culture as representative of that culture. The process of identification is subjective, and "icons" are judged by the extent to which they can be seen as an authentic symbol of that culture.

Our College- Guru Nanak College of Education hosted a workshop in association with- Mr. Lucky Kataria upholding the significance of celebrating these cultural icons of India with the students of Batch 2022-24, Semester- I on 28.12.2022, in the Bala Pritam Auditorium.

It was informed by Sir that when individuals perceive a cultural icon, they relate it to their general perceptions of the cultural identity represented. Cultural icons can also be identified as an authentic representation of the practices of one culture by another. In popular culture and elsewhere, the term "iconic" is used to describe a wide range of people, places, and things. Some commentators believe that the word "iconic" is overused.

From this workshop, the pupil trainees learned understanding the self as these iconic cultural figures understand their talent and own abilities and made their talent as their career. From them, they learned that we have to understand and identify our abilities and have faith in ourselves and our thoughts and our actions.
