VENUE: Bala Pritam Auditorium, GNCE

A career talk, as term itself suggests, is someone sharing what they have learnt in their personal career journey that has helped them progress, alongside some broader insights into their sector, emerging recruitment trends etc.

Such a talk is being planned to be organized at Guru Nanak College of Education for the batch 2021-23, Semester-IV pupil trainees, in the month of February/ March 2023.

Such Seminars are a tremendously valuable resource for B.Ed. students and research staff to learn more about the diverse range of jobs available to them. A first-hand account of the day-to-day life on the job is the best way to consider whether this career path might be an option for them – short of trying out the job, for example in an internship.

Opportunities for listeners to ask questions during or after the talk are always appreciated. Career talk at GNCE is being planned to be a 2-hour long seminar which is not only going to be informative but also an interactive one.
