A session on 'Reflection on school experiences' will be organized for the pupil trainees of Guru Nanak College of Education in the month of February, 2023 by the respected in-house faculty- Dr. Charu Sethi.

Reflection means examining one's own interpretations and turning a self-critical eye onto one's own authority as interpreter. It is a key activity for teacher development. It becomes a bridge to merge cognitive, procedure domains. School experiences are modes of active learning within the practical process. The session is being planned with the objective of helping the pupil trainees in being critical towards their teaching practices while practicing teaching in a real classroom situation.
