**VENUE: Bala Pritam Auditorium, GNCE**

It is agreed by all that social/cultural activities not only help students to identify themselves with the university, but also assist students to develop themselves in a desired field and also improve skills such as organizational, presentation, leadership and interpersonal communication.

At Guru Nanak College of Education, it is always upheld that social and cultural activities are of paramount importance, also the University encourages all extra-curricular activities that are both in line with the educational objectives of the institution and meet the needs of the students. And therefore, GNCE will be dedicating a half-day to the cultural performances by the pupil trainees in the month of April 2023.

The objective of this event will be framed, keeping in mind the fact that students participate in arts and culture at varying levels of skill and engagement. Some create, while others listen to, watch, teach, critique, or learn a cultural activity, art form, or expression. Some are professional artists, designers, and inventors, while others engage informally in expressive activities or create innovative tools, relationships, or products.
