A vocational guidance for students is one of the best ways to choose the right career path. Choosing a pedagogy subject with reference to the eligibility and recruitment rules is a serious concern for students. A session on vocational counselling related to pedagogy subjects, under the student counselling centre of Guru Nanak College of Education, was held on 25.11.2022. The students were made aware of the recruitment rules of various boards while selecting pedagogy subjects for B.Ed., as it is important for students to timely understand the same.. During the counselling session, students were given the opportunity to clear their doubts regarding the combination of pedagogy subjects, recruitment rules, and eligibility criteria.
